Monschau-Imgenbroich - for your success!

Approx. 1,300 new jobs have been created in modern, innovation-oriented companies on commercial spaces covering approx. 45 ha. With the HIMO (Handwerker-Innovationszentrum Monschau = Monschau skilled trades innovation center) a unique model project of the state of NRW has been created as a key project with an innovative and ecological orientation designed to strengthen rural structures. With its demonstration facilities working in the renewable energy field and cooperations with the Aachen University of Applied Sciences, the HIMO will act as a motor for Monschau-based businesses.

Information about Monschau

The municipality of Monschau can look back on an eventful economic history. In the 18th century its textile industry enjoyed international renown. Today, Monschau ranks as one of the top tourist attractions in the Eifel region (it acquired "air spa" status in 1996). The local economy has grown strongly in recent years. The NRW state planning authorities have designated Monschau as a "regional center" serving the surrounding districts.
